

Hand Tufted Rugs

Like a spectacular art piece on the wall, an expertly designed custom rug can focus the eye and act as the pin that pulls an entire interior design scheme together.

A warm, **luxurious wool** rug can also bring a satisfying sense of contrast to a room when set against the cold, unyielding finish of tiles, marble, or **timber flooring**.

Along with wall-to-wall carpeting, Artistic Flooring specialises in custom designed hand made Tufted rugs made from the highest quality and best performing wool available.
